

## Vocabulary List #2

Abrasion  
Anti-inflammatory  
Accessory muscles  
Apnea (not breathing)  
Acetaminophen- Tylenol  
Agitation  
AIDS - Acquired immune deficiency syndrome  
Alcohol Withdrawal  
Apparent  
Alzheimer's  
Ambulatory  
Appendicitis  
Amniotic Sac  
Appetite  
Amputation / Amputee  
Arthritis  
Aleve / Advil  
Asphyxiation  
Anal / Anus  
Aspirate  
Anaphylactic / laxis  
Aspirin  
Anemia / Anemic  
Assessed  
Aneurysm Aortic  
Avulsion  
assault / alleged assailant  
Antacid  
Audible wheezing  
Antibiotic Abdomen  
Amoxicillin  
Auscultation  
Anterior Anatomy  
Abortion  
Abruption Placenta  
Adhesions  
Allergen  
Arrhythmia  
Acute Myocardial Infarction  
Barium  
Bipolar Disorder  
Biopsy  
Bronchiolitis  
Bronchitis  
Bruisin  
Benadryl  
Buttocks  
Breech Presentation  
Babinski Reflex  
Bowel Obstruction  
Calcium  
Crepitus  
Cataract  
Cervical Cervix  
Cerebrospinal Fluid  
Cerebrovascular Accident  
Cirrhosis  
Colostomy- surgical opening  
Croup  
Cerebral Palsy  
Carbon Dioxide  
Cheynestokes - Abnormal pattern of slow shallow alternating deep rapid breathing (central nervous System disorder.)  
Cyanotic  
Choking  
Cyst  
Cholesterol  
Cholecystitis - inflammation of gall bladder.  
Chronic Bronchitis  
Clavicle  
Contusion  
Congenital-presented at birth  
Convulsing  
Cardiac Tamponade  
Codeine  
Coronary  
Constipation  
Cystic Fibrosis  
COPD Chronic Obstructive Pulmonary Disease  
Contamination  
Confidentiality Cardiovascular  
Congestive Heart Failure  
Dizziness  
Diagnosis  
Diarrhea  
Dehydrated  
Delirium Tremers  
Dermoidcyst  
Dialysis  
Dementia  
Distension  
Dielandtin  
Dermis  
Diaphoretic (sweating)  
Diaphragm

## Vocabulary List #2

Diastolic	Glucose
Dilate	Glaucoma
Diverticulitis	Hypoglycemia
Distal	Hyperextension
Dysconjugate Gaze- eyes don't move together	Hypertension
Dyspnea (difficulty breathing)	Hyperventilation
Dysuria- Pain with urination	Hyperthermia
Dislocation	Hysterectomy
Decompensated Shock- body unable to correct itself without outside intervention	Humorous (upper arm)
Eclampsia Ectopic Pregnancy	Hallucinations
Edema	Hemophiliac
Emphysema	Hemorrhage
Equilibrium	HIV- Human Immune deficiency virus Hiatal
Episodes	Hernia
Emesis	Hepatitis
Enzyme	Hypoxia
Endometritis	Hx.- Medical history noncontributory!
Erythromycin	contributory
ETOH/ Alcohol	Heimlich Maneuver
Evisceration	Hemothorax
Examination	Hemiplegia
Epilepsy	Humidifier
Esophageal Varies- bleeding in digestive tract.	Hypoperfusion
Esophageal Reflux	Hypovolemic Shock- decrease in volume of blood or body fluids
Extremities	Ibuprofen or aspirin (Advil)
Ecchymosis	Acetaminophen- (Tylenol)
Epiglottis	Incision
Epidermis	Impacted
Exhalation	Indigestion
Embolism	Irritated
Fainting (Syncope)	Ingested
f/u Follow Up	Inflammation
Fallopian Tube	Intestinal Flu
Frequency	Incontinent- (inability to control urination or fecal defecation)
Febrile Fever (Seizure)	Intravenous
Fowlers	Insomnia
Femur (thigh bone)	Irregular
Fibula (lower leg outside)	Iodine
Fx.- Fracture	Inferior
Fetus	Insulin
Flail Chest-2 or more adjacent ribs fx in 2 or more places	Ingested
Gonorrhea	Inhaler
Gestation	Indication
Gastritis	Ischium
Gastrointestinal	Jaundice JVD-(Jugular Vein Distension)
Gastric Distention	Ketoacidosis
	Kussmal

## Vocabulary List #2

Lumpectomy  
Lymph node  
Laceration  
Leukemia  
Larynx  
Lateral- R or L of Midline  
Malaise- (general feeling of discomfort)  
Mucus  
Malignancy  
Melena-(tarry stool)  
Menstrual Cramps  
MI-(Myocardial Infarction)  
Migraine  
Miscarriage  
Mononucleosis  
Muscular Dystrophy  
Muscle Spasm  
MVA-(Motor Vehicle Accident)  
MOI mechanism of injury  
Miscellaneous  
Mandible  
Mid-Clavicular  
Mid-Axillary - divides body into anterior &  
Posterior planes  
Meningitis  
Mental Status  
Meconium Staining  
Narcotic  
NPO-Nothing by mouth  
Neck  
7-cervical  
12- thoracic upper back ribs  
5-lumbar midback  
5-sacral  
4-coccyx tail bone  
Nitroglycerin  
Nebulizer  
Neurology  
Normal Saline  
Negative  
Nasopharyngeal Airway  
Negligence  
Orthostatic B/P decrease in B/P upon sitting  
or standing  
Occasional  
Ovaries  
Ovarian  
Occurrences  
Obstruction  
Osteoporosis  
Occlusive Dressing  
Orbits  
Pancreas  
Penetrating Trauma  
Paradoxical  
Palpitations  
Paralysis  
Prone- on stomach  
Parkinson's Disease  
Phlegm  
Pneumonia  
Puncture  
Patent —intact  
Photophobia- sensitive to light  
Penicillin  
Posterior  
Peritonitis  
Prostate Gland  
Prenatal  
Postictal- after seizure  
Pulmonary  
Position  
Possible  
Pregnant Gr2PnA  
Gr-pregnancies  
Pr-live births  
A-Any loss birth  
Gravidity  
Paradity  
Abortions  
Normal Delivers  
Breech Presentation  
Prolapsed Umbilical Cord  
Limb Presentation  
Placenta Previa Abruptio  
Perfusion  
Potassium  
Peptic ulcer  
Petechiae- localized hemorrhage small  
vessels  
Priaprism  
Protocols  
Plasma  
Pharynx  
Perineum  
Posterior  
Proximal- near point of reference  
Radiate

## Vocabulary List #2

Respirations  
Radius-(thumb side arm)  
Reference  
Rectum! Rectal  
RO Rule Out  
Recumbent  
Rheumatic  
Referred-(other than where pain is)  
Relevant  
Renal  
Rigormortis  
Rigidity  
Sickle Cell  
Supine- on back  
Symptoms  
Systolic  
Sick-sinus Syndrome  
Superior  
Stoma  
Syncope- fainting  
Scapula  
Stroke  
Syphilis  
Sublingual  
Spontaneous  
Seizure  
Petit Mal  
Grand Mal  
Sore  
Self-inflicted Wound  
Sensitive  
Status Epilepticus- more than 10 min. or  
Consecutive with no rest  
Suicide  
Semi-fowlers  
Schizophrenia  
Sling & Swathe  
Suppository  
Sputum-phlegm  
Sulfa Sulfur  
Surgery  
Sternum  
Stimuli  
Sprain  
Suctioning  
Symptom  
Subdural Hematoma  
Superficial  
Subcutaneous Layers

SIDS  
Transient Ischemic Attack (TIA)  
Treatment  
Trauma  
Trendelenburg -on back, feet elevated 12"  
Tenderness  
Therapy  
Temperature  
Triage  
Tuberculosis  
Tripod  
Trachea  
Tracheostomy  
Tachycardia  
Tendons  
Thrombus  
Tourniquet  
Toxin  
Umbilical Cord  
Uterus  
Ulcer  
Urinary  
Uterus  
Vagina  
Vein  
Ventilation  
Ventricle  
Vehicular Collision  
Violence/Violent  
Vertebrae  
Vomiting  
Ventricular Fibrillation  
Wernicke-Korsakoff Syndrome -  
Alcohol/CNS/Malnutrition  
Xiphoid Process
